

3-13-74

Dear Vicki and Jim,

I just got home from the bridge game so will write to you now.

Jeanne is working hard on the Green history and between the two of us, from the information she found among her mother's papers, we are getting a lot of information. I have one letter, which I will show you, that tells where to find more information in Wash. D.C. in the Library of Congress.

We are going to have a luncheon next Wednesday at Ruthie's house to celebrate Gail's and Jeanne's birthdays.

Mike is going over to visit his folks tomorrow (Thurs.) for the week-end, so Mary is going to come over here and stay with us. Mike would like her to

go with him⁵ but she doesn't want to go. He is going to take the train and his dad will meet him in Spokane and then they will drive up to Kettle Falls to look at the property. Kettle Falls and also Spokane is a long drive to Dusty, so it doesn't sound good to Mary. Now that she isn't working, I think she gets bored staying in her apartment and I love having her come home.

We are going to work on the albums and get them up to date.

Now don't laugh, but I went to a Christian Science lecture the other night, which was held at the Holiday Inn. I couldn't get either Dad or Aunt Stella to go with me so I went by myself, and I was really glad I went and I thoroughly enjoyed it. The whole topic was an old saying I have heard for many years. And it was —

"Hate sears the soul and
warps the mind."

Sandi and Dick are going
up to the cabin this week-
end and go skiing at Crystal.

Our weather is getting
nicer and there is alot of
work to be done in the yard
which we will have to start
on soon.

More later.

Love,
Mom.
